

THE CONCEPT

“ *Your personal travel and lifestyle experts in and around Valletta. Redefining the typical Valletta experience by presenting you to our unique and authentic view of the city, only insiders know about* ”

VV
VERY VALLETTA

Curated Stays...

At Very Valletta, we have gathered the best of what baroque Valletta can offer in travel experiences. We have created a collection of handpicked boutique accommodations ranging from comfort to premium to luxury and collaborate with an eclectic network of guides, artists, artisans, curators, photographers, and historians who can present to you, our unique and authentic view of our UNESCO capital city, built by the Knights of St. John.

Enjoy your truly unique holiday experience that is completely tailored to you!

We will comb the Valletta landscape to find your unique experience.

We book and care for your holiday.

We will listen to your every need.

...Curated Stays

We understand that travellers today are looking for unique journeys and bespoke experiences. Our role here is to enter into a meaningful conversation with you to guide you in making the right choice for your client when it comes to the various Boutique Hotels and getting them to know the destination inside out.

Our Promise:

Expert advice

Exclusive perks and benefits

Best value guarantee

We believe that it is not only the style and the location of the property but also the host, because of his or her sense of hospitality and service....and that one unique aspect that makes the hotel special. We are passionate about sustainability, and we take this very much into consideration when we pick hotels. Same goes for restaurants; half of the fun of exploring, is sampling the local food and drink....and we are foodies!!

Concierge Service...

Very Valletta has a dedicated Concierge Team offering exceptional service to clients that require that personal touch and a bespoke travel experience. As part of our services, once you book, our concierge service is at your disposal.

Like your personal assistant, the concierge will take care of any requests such as a picnic or dinner in an awesome location, wine tasting, champagne in room, experiential discovery trips to the islands of Gozo and Comino by luxury yacht or fast ferry and much more. Each activity will be individually designed with you in mind.

Experiences...

Today's traveller, regardless of age, gender or background is less concerned about opulence and pampering, and more concerned with value, authenticity and truly local experiences offering a true "sense of place". A personal experience, whether it is with a yoga teacher, an artist, or a photographer, is often the defining detail of a luxury experience, particularly as the culture of being constantly "plugged in" becomes more pervasive than ever before.

We want to evoke a sense of curiosity in our guest through our unique experiences, and have them leave Valletta more inspired.

We offer unique experiences like trekking, meditation, yoga, sound baths, upcycling workshops, wine tasting, foraging, picnics, sailing, kayaking, lunch in a vineyard, dinner in an awesome location and more.

We are also passionate about promoting artists, artisans, and young entrepreneurs so we have established a collaboration with them. Most of them are up and coming and may not have the resources to have a retail outlet in Valletta but would happily invite you to their studio or bring their work your hotel.

Pre/Post Cruise Stays...

Our family has been servicing the premium, luxury, and expedition cruise line sector since inception and thus we understand very well the finer details of what “fly-cruise” guests are looking for, in the embarkation destination. Some of the cruise lines we handle include Cunard, P&O, Seabourn, Holland America, Saga, SeaDream, Star Clippers, Hapag Lloyd, Scenic, Ritz Carlton and Viking.

We will provide a highly bespoke service that will make embarkation and disembarkation seamless with your pre or post cruise stay.

...Pre/Post Cruise Stays

Our chauffeurs will be waiting for your guests at the airport for a private transfer directly from the airport to the hotel. Booking a hotel with us, means that we personally deal with your booking and make sure that any additional requests that you may have made, are taken care of. In the room your guests will find a welcome letter from our **Very Valletta Concierge** who will be delighted to assist your clients throughout their stay. When it is time to join the cruise ship, the concierge will ensure that clients depart at a time that allows them to seamlessly check-in at the cruise port. The driver will know exactly where to drop them off, to be warmly greeted by our welcome staff at the cruise terminal.

Pre Cruise Stay

Post Cruise Stay

We can also take care of the **post-cruise stay** by picking your clients up directly from the quay next to their ship and their chauffeur will drop them off at their hotel, or the airport. If their flight is not till later in the day, we will be happy to drive your clients to a restaurant of their choice or organise some sightseeing for them. This is true luxury!

Groups...

We also design group activities that include art and culture, or history or a mix of the two. On a totally different angle, we have worked very closely with some of Malta's top **yoga and wellness** practitioners and can now offer yoga, meditation, spa and wellness rituals and sound baths in the most spectacular locations in and around Valletta. We are also very much in tune with **sustainability trends** and can offer original and unusual recycling and upcycling workshops in various quirky locations in Valletta. For foodies, we will take you on a gastronomic journey to little known street food outlets to eat with the locals, as well as indulging at Michelin Star restaurants. Group dinners are where stories are shared, and ideas are born!

At Very Valletta, we develop informative adventures for those who want a depth of perspective not found on standard travel programs. We love to work with museum and site curators as well as university professors. We can arrange for privileged access to places and experts that we have developed through our local network, a network built over 20 years of research and experience.

We can offer “behind the velvet rope” access as well as star appearances in the sites we visit which creates one-of-a-kind experiences.

Sustainable Meetings...

The covid-19 pandemic has changed what we thought we knew, and the crisis has underlined the need for innovative and creative thinking in rebuilding and rethinking tourism. This inspired us to create a community of service providers and partners, key to the initiative as they, together with us, need to transform, educate, learn, and discuss issues so that together we can make the difference. For example, working closely with the minimalistic 19 Rooms, the only Maltese boutique hotel to have Green Key eco certification, as well as aiming to be the first carbon neutral hotel in Malta.

The idea is that we will stitch together a program that engages with the local community and as much as possible, supporting local businesses. Our concept also endeavours to reducing our dependence on fuel powered vehicles. Valletta is predominantly pedestrianized and follows a grid like design and therefore it is very easy to get around.

Your stay literally makes it better!

...Sustainable Meetings

As sustainability is now an essential component of any event, we promote “farm-to-table” experiences with some of Malta's most talented chefs with whom we create both indoor and outdoor culinary experiences in awesome locations. We have partnered with NGOs like Friends of the Earth, Birdlife and Nature Trust to bring to the table some very green locations that are seldom chosen because of their remoteness, ironically on an island of only 350 square kilometres. We have developed several concepts that immerse you in the inspiring beauty of mother nature.

Planners are finding authenticity and cultural enlightenment to be goals of every gathering. When a group experiences something memorable together, the camaraderie created – not to mention the memories – can be powerful. The best networking happens when the group is doing something new and unusual together. Very Valletta infuses unique cultural experiences into the social program to sublimely bond delegates. Attendees want to be entertained, engaged, and inspired. With many meeting venues within walking-distance to Boutique Hotels in Valletta as well as restaurants, cafés and attractions, it gives planners a pedestrian friendly meeting district. Having attendees close to the meeting site fosters interaction and saves on transportation. Underscoring our “green credentials” there will be little need for cars and coaches, since there is plenty to do and see around the meeting venue.

Valletta is a pedestrian friendly meeting district.

Venues...

For meeting and event venues, it's not only offering well-designed spaces that can elegantly convey a sense of time and place, but also having the capability to bend the edges to accommodate whatever idea a planner dreams up. We have personally put together a unique selection of forts, palazzos, museums, art galleries, open-air gardens, rooftops and courtyards that offer built-in entertainment and pre-themed settings - perfect for tighter budgets.

Take the **Mediterranean Conference Centre**, which beyond traditional meetings and a magnificent convention centre with several spaces, has awesome banquet venues. Tailored to groups, it can be easily branded, with pre-function spaces with pop-up bars, and a flexible performance space stocked with all of the audio-visual facilities with enough space to play around, and far from boring.

The neo-classical **Malta Chamber of Commerce** serves as an elegant and prestigious venue for both business and social events. Not to mention the internal courtyard is ideal for open-air exhibitions, receptions and conferences.

Set in a 17th century Palazzo, **Gracy's Malta**, is the perfect establishment to host a smaller private meeting in their grandly designed Salon de Nobile, or a private function on their roof garden with a view across Valletta.

...Venues

At the Archeological Museum, its internal architecture and sprawling exhibits create a dramatic backdrop that eliminates the need for extra embellishment. And striking up a conversation at a networking event suddenly seems much easier when you're standing next to a fertility goddess or an elongated skull, at this museum that is housed in what was the Auberge de Provence, home of arguably the richest Knights.

Attractions can also become savvy to the needs of events, giving meeting planners more options to surprise their attendees with an unexpected setting. For example, **Spazzju Kreattiv**, the millennium project in Malta, has many spaces that can be used for strategy workshops, team building exercises and the rooftop can double up as an open-air location for yoga. The same goes for the **Valletta Design Cluster**.

Very Valletta works closely with organisations like **Heritage Malta** who manage unique historical venues in enchanting locations that would impress your guests.

Very Valletta's special venue arrangements will certainly surprise your audience.

Our Brand Identity...

Responsible Travel

We want to make a difference, with you. Genuinely sustainable experiential travel inspires us to become caretakers of our natural world, improving destinations, uplifting communities, and a financial incentive to protect landscapes, heritage, and culture.

Flexibility & Safety

We provide both flexibility and security during the COVID-19 pandemic, with our tried & tested experience, while ensuring your comfort. We are well versed with COVID protocols and ensure that these protocols are adhered to by all our suppliers.

In our Hands

You will have 24/7 access to our Concierge service. We are your personal travel experts in and around Valletta, former European Capital of Culture, presenting you to our unique and authentic view of this UNESCO World Heritage site, only insiders know about.

*"Many thanks for the most interesting
few hours with you on-shore in
Valletta. I can't wait to be back!"*

GET IN TOUCH

with us

We are happy to communicate by email or WhatsApp but often it is better to have a face-to-face online chat so that we can get to know each other better. This will help us craft a program which resonates with your wishes.

Schedule a call with us and let's start designing your program and perhaps add some spice to it to take you outside your comfort zone.
